

Helping newcomers and locals feel at home.

Make the Most of Your Upstate Scouting Trip

VISIT PLANNER & FIELD NOTES

Picture an ordinary week here. Use your visit to test the places and routes that matter to you.

Bring your neighborhood comparison worksheet and the relevant city guide or pages.

Visit dates: _____ City / area(s): _____

What I most need to learn: _____

1 Plan a manageable shortlist

- ☐ Choose up to three neighborhoods from our pages; note homes or streets to investigate.
- ☐ Confirm appointments and current hours. Group nearby stops and leave time to revisit.

NEIGHBORHOOD / STOP	WHEN / WHAT TO TEST	WHAT I NOTICED / QUESTIONS

2 Try the routines you would actually have

- ☐ Drive a work, school, or medical route at the time you would normally travel. Note the time.
- ☐ Try an essential errand from a possible home: groceries, pharmacy, or another regular stop.
- ☐ Notice parking, street activity, noise, sidewalks, crossings, and the route to the front door.
- ☐ Revisit a promising block at another time of day; record when you were there.
- ☐ Keep school, utility, internet, and property-rule questions for exact-address verification.

3 Leave with a clearer next step

The place I want to explore further / why: _____

A tradeoff I noticed: _____

What I still need to verify / who to ask: _____

My next step: _____

Your visit is one snapshot. Keep observations separate from facts that need confirmation.
